Our commitment in providing quality and excellent service started in 1999 when we entered the packaging and distribution industry. Since then, Synergy has become a leading distributor of quality packaging products across multiple industries to top corporations in the Philippines.

As more companies have entrusted us to be their supplier, we have not stopped catering to their growing demands as we always look for ways on how we can go the extra mile in adding value to their businesses.

Our vision is to be a market leader in the packaging industry, backed by a strong lineup of quality products, a spirit of commitment, and the unfaltering synergy of our entire workforce.

In this catalog, you can see our different product solutions and how each can further help you in your business.
